

1. Request

We need clarification regarding the selection criteria, 14.b Technical and professional capacity of the candidate (it must have completed at least 1 contract co-financed from the IPA or another donor program or equivalent, during the last three years from the submission deadline).

The works we completed for the IPA:

Final situation 22.10.2014.god- construction of three football fields, mini pitch terrain and hydrant networks at the sports center Podina in Soko Banja,

The works we are running-Contract in progress:

*Reconstruction of the bridge on Dubnica, UNOPS
Contract signed on February 13, 2018.*

Are these two reference acceptable in relation to the above mentioned requirement?

1. Clarification

Acceptability of individual references of tenderers can be made only upon the submission of the complete supporting documentation requested for proving the individual reference's validity, such as works contracts, copies of certificates of final acceptance signed by supervisors and/or equivalent. This will be done by the Evaluation Committee at the time scheduled in the Instructions to Tenderers.

As far as the tenderer's individual indicated references are concerned, please note that the works in progress, missing the final acceptance or equivalent proof of works completion, will not be considered as sufficient.

Time-wise, the references will be accepted if the final acceptance or equivalent proof of works completion was issued at any time during the last three years from the submission deadline indicated in the Instructions to Tenderers.

We wish to have been of help.

**Sincerely yours,
Borislav Vulić
Project Manager**
